ROLL CALL

Handlers will be assigned a 1 hour time block for each run. **If you register online, you can pick your time block!** During that time block, all dogs will rotate through. If you are running both tests of that day in the same time block, dogs will rotate a second time through after the first runs are done. Show up 15 minutes before your block to check-in and inspect for your first run. After your first run is completed, you will need to return to the inspection area for your second inspection before getting back in the queue for your second run. Each dog must be inspected prior to each run. Day-of and fun runs will be fit in as space allows throughout the day. It may be a long wait! If you do not check-in for your run prior to your run time window, you may forfeit your run. If space is available, at the club's discretion, late arrivals may be rescheduled to a later time slot (after all other entries, including day-of-show). It may be a LONG wait. No refunds will be given if there are no later spots available. Runs are not able to be moved to another day.

RUNNING YOUR DOG

It is recommended that dogs be handled with a "slip-lead" that gives instantaneous freedom to the dog when the "Tallyho" (release) signal is called by the Huntmaster. The Host Club will have slip leads for you to borrow. Please ask.

The club may have helpers available to release dogs, but that is not guaranteed. Please have your releaser/catcher coordinated before your turn. The catcher should be down the field before it is your time to enter the lane, or the club may move onto the next dog.

Dogs may wear any collar except a choker collar, a collar with prongs or an electronic training collar. The collar should be snug to minimize the chances of getting hung up on something during the run. Owners should be aware that tags hanging from the collar could be required to be removed to help prevent them from being entangled on something during the run. Owners may use clips or rubber bands to hold the dog's hair. The owner assumes responsibility for the safety of the dog regarding the dog's collar and paraphernalia on the dog.

FAST CAT SUMMARY DESCRIPTION

The Fast CAT Test is a timed 100-yard dash for dogs. It is meant to be a fun and healthy activity of interest to any dog owner. The following is a summary of how the event is structured.
How Does Fast CAT Work?

Fast CAT is a timed straight race of 100 yards. Dogs run singularly.

The dog's time to complete the 100-yard dash is converted into MPHs.

A handicap system is applied to a dog's MPH to determine the number of points earned. The handicap system is based on the height of the dog at its withers:

- 18" or greater = handicap is 1.0
- 12" up to but less than 18" = handicap is 1.5
- Below 12" = handicap is 2.0

Points = MPH multiplied by the dog's handicap

Fast CAT titles suffix titles are earned at designated milestones:

- BCAT = 150 points
- DCAT = 500 points
- FCAT = 1,000 points
- FCAT# = every additional 500 points

Top 20 by Breed by Year: The AKC Fast CAT website will feature the Top 20 Fastest Dogs by Breed by Year national standings. The standings will be updated as event results are processed.

ELIGIBILITY TO PARTICIPATE

Open to all dogs at least 12 months of age that are individually registered/listed with the AKC. This includes dogs recorded in the FSS program, dogs with PAL numbers or dogs enrolled in the AKC Canine Partners program. Females in season may not enter. A dog may enter only once per event. (An event number defines an event.)

An inspection committee shall inspect each entry for lameness, fitness to compete and females in season. If necessary, the inspection committee is responsible for measuring dogs to determine their height at the withers.

COURSE / EQUIPMENT

Safety: Safety is of utmost importance. It is the responsibility of the event committee to insure the safety of the course, the equipment and the conduct of those involved with the event. It is recommended that the event committee run a test dog prior to the start of the event to ensure that the equipment functions properly and all personnel understand their jobs. Prior to moving the lure to position it for the start, the lure operator shall announce, "hold your dogs" in order to caution owners.

The Start: Dogs may start up to a maximum of 10 feet behind the starting line. There will be a line on the ground indicating the 10 foot mark. Both front paws must be forward of the line on release.

The Finish: The club must provide enough room for a safe run-out area, which is a minimum of 30 yards. The course will be fully fenced. It is recommended that an owner or someone familiar with the dog stand at the finish to catch the dog once the course has been completed.

Timing Devices: The time to complete the 100-yard dash is recorded to the nearest 1/100th of a second (e.g. 9.11). The club will use break-the-beam equipment to obtain the time. If the timers fail, stopwatches will be used, there shall be two timers positioned at the finish line. An individual at the start line shall signal with an arm drop the moment the nose of the dog crosses the start line. The timers shall start their stopwatches at the bottom of the arm drop. The timers shall stop their watches when the nose of the dog crosses the finish line. The times from the two stopwatches shall be averaged to determine the recorded time.

Lure Equipment: The event will be run with a reversible, variable speed, continuous loop system. The lure operator and the lure equipment shall be safely positioned in a manner that does not interfere with the retrieval of the dog at the end of the course.

Lure: A white plastic bag will be used for the lure.

Course/Fencing: The course is essentially flat and the course area is fenced.

HUNTMASTER HAS CONTROL OF THE COURSE

The Huntmaster has control of the course and is in charge of all dogs and handlers on the field.

NOTICE TO ALL EXHIBITORS

Please ensure the comfort of you and your dogs by bringing your own portable shade/shelter and water.

Porta-potties will be at the field. Restrooms are also located in the main exhibit hall.

For the safety of the dog and as a courtesy to other entrants, a testing dog should have a reliable recall. A penalty of \$25.00 may be assessed for any dog causing an excessive delay of the event because it cannot be recalled or retrieved from the field. Dogs that delay the event because their owners cannot recall them may be refused entry at future events.

The Huntmaster is responsible for field safety and therefore s/he is in complete charge of all dogs and handlers on the field. In service to this responsibility, s/he has the authority to stop the lure in any potentially dangerous situation and signal the handler to retrieve a testing dog. Listen to the Huntmaster and follow all instructions promptly and swiftly.

Any decisions made by the event's official(s) regarding the performance of an entered dog shall be final. Full discretionary power is given to the official (s) to withhold any and all qualifications for lack of merit. The official(s) is responsible for ensuring compliance with the AKC Regulations on the field.

Exhibitors should follow their veterinarian's recommendation to assure their dogs are free of internal and external parasites, any communicable diseases and have appropriate vaccinations.

Coursing is an athletic activity that can tax a dog's physical strength. Dogs that are overweight and/or out of condition may be at greater risk for injury and exhaustion. The inspection committee has the authority to disallow a dog's entry into a test, and in such instances, applicable entry fees will be refunded.

Persons exhibiting conduct detrimental to AKC/any dog(s) and/or other person(s) will be asked to leave the event grounds and no refunds will be given.

The event-hosting club, its agents, members, representatives, volunteers, etc., assume no responsibility for any loss, damage or injury sustained by exhibitors, handlers, or to any of their dogs or property and further assumes no responsibility for injury to children or spectators.

All rights to televise, videotape, advertise, photograph, promote or otherwise exploit this event are vested in the club, or in persons to whom assignments of such rights have been made in writing by the club. All persons and animals attending these shows grant the club the right to use their likeness and voice in any matter without further consent.
